**Title 18-A: PROBATE CODE**  
**Article :**

**§3-604. BOND AMOUNT; SECURITY; PROCEDURE; REDUCTION**

If bond is required and the provisions of the will or order do not specify the amount, unless stated in his application or petition, the person qualifying shall file a statement under oath with the register indicating his best estimate of the value of the personal estate of the decedent and of the income expected from the personal and real estate during the next year, and he shall execute and file a bond with the registers, or give other suitable security, in an amount not less than the estimate. The register shall determine that the bond is duly executed by a corporate surety, or one or more individual sureties whose performance is secured by pledge of personal property, mortgage on real property or other adequate security. The register may permit the amount of the bond to be reduced by the value of assets of the estate deposited with a domestic financial institution, as defined in section 6-101, in a manner that prevents their unauthorized disposition. On petition of the personal representative or another interested person the judge may excuse a requirement of bond, increase or reduce the amount of the bond, release sureties, or permit the substitution of another bond with the same or different sureties.
